The Aon Benefit Experience

1. What is the Aon Benefit Experience (BenX)?

The Aon Benefit Experience (BenX) is a way for you to get medical, dental, vision, and other coverage. It is an online insurance marketplace where buyers like you can shop for coverage from multiple health insurance carriers who are competing for your business. BenX merges the best of both worlds: group rates with more individual choice and price competitiveness that comes from free-market competition.

BenX is America's first national, large-employer, multi-insurance carrier marketplace. Its website is easy to navigate and, just like other online stores, you'll be able to see all your options and sort by the features that are most important to you. By the time you complete your enrollment, you should feel confident that you've selected the right coverage options for your circumstances and budget.

2. What are the advantages of BenX?

The medical and prescription drug, dental, and vision benefits available through BenX offer you:

- **Lots of choices.** Traditionally, you got to choose from the health plan options offered by your company. Through BenX, you're able to choose from several coverage levels, a variety of insurance carriers, and a range of costs.
- **Competitive pricing.** The insurance carriers are competing for your business. So it's in their best interests to offer their best prices. Plus, Kennametal will provide a subsidy to use toward the cost of your coverage.

In addition, you have the option to enroll in other valuable benefits—including critical illness insurance, critical accident insurance, identity theft protection, and hospital indemnity.

You also have help when you need it. There are great tools and resources to help you every step of the way. See question #3 for details about tools and resources.

3. Where can I get more information?

There are lots of resources available to help before, during, and after enrollment.

Before and during enrollment:

- **Make It Yours website** (first available with 2025 information on October 8)—Visit kennametal.makeityoursource.com to learn about BenX, your coverage options, and choosing the right coverage for you and your family.
- **Your Carrier Connection** (available through the Make It Yours website)—Visit each carrier's preview site to get up to speed on provider networks, prescription drug information, and other carrier resources.
- **The Kennametal Benefits Portal and Aight Mobile app**—When it's time to enroll, log on to the Kennametal Benefits Portal using the Single Sign-On Portal link on **The Hub** (outside the Kennametal network, you can log on to the **Kennametal Benefits Portal** through digital.aight.com/kennametal). Or, you can use the Aight Mobile app (available through the [Apple App Store](https://apps.apple.com) or [Google Play](https://play.google.com)) to compare your options and prices, get helpful decision support, and enroll.
- **Kennametal Benefits Center**—If you still have questions, you can reach a customer service representative by web chat or by scheduling an appointment through the **Kennametal Benefits Portal**. You can also call the Kennametal Benefits Center at **1.833.793.0798** Monday through

Friday, from 9:00 a.m. to 6:00 p.m. ET (8:00 a.m. to 8:00 p.m. ET during Annual Enrollment). If you don't connect with a representative right away, you will be given the option to save your place in line and be called back once a representative is available.

Managing your benefits beginning January 1:

- **Make It Yours website**—Visit year-round for practical tips that help you and your family get the most out of your benefits. Get "[The Inside Scoop](#)" on how to work the health care system, be a savvy shopper, and save money.
- **Your Carrier Connection** (available through the Make It Yours website)—Take advantage of the tools, resources, and information offered through your insurance carrier. For questions about your coverage, always start with your carrier. They know their plans best and have the final authority on all claims, billing disputes, etc.
- **The Kennametal Benefits Portal and Alight Mobile app**—Access your personalized coverage details and manage your benefits throughout the year.
- **Additional support**—If you need help with more complex coverage issues, call **1.866.300.6530** and ask to be connected with a Health Pro. Health Pros can explain how benefits work and help resolve issues.

Enrollment

4. What will I need to do?

Between October 23 and November 8, 2024, you must enroll or you will **not** have medical, dental, or vision coverage, critical illness insurance, critical accident insurance, identity theft protection, or hospital indemnity insurance through Kennametal next year. Keep in mind, if you don't select medical coverage, you won't have prescription drug coverage either. And, to contribute to a Health Savings Account (HSA) (if eligible) or to a flexible spending account, you must make an active election.

To enroll, log on to the Alight Mobile app or the **Kennametal Benefits Portal** using the Single Sign-On Portal link on **The Hub** (outside the Kennametal network, you can log on to the Kennametal Benefits Portal through digital.alight.com/kennametal). Over the course of the enrollment process, you'll need to:

- Enroll the eligible dependents you want to cover in 2025.
- Choose the insurance carriers and coverage levels you want for your medical, dental, and vision benefits.
- Enroll in the rest of your benefits.

Before you go online to enroll between October 23 and November 8, you may wish to prepare by having this information on hand:

- SSNs and dates of birth for dependents you'll include in your coverage.
- Names of any of your existing doctors/providers to determine if they're included in the networks for specific plans and carriers for 2025.
- Names of any ongoing prescription medication used by you or one of your dependents.

You can get additional information about enrollment on the Make It Yours website at kennametal.makeityoursource.com.

5. How do I create my user ID and password for Kennametal Benefits Portal and the Alight Mobile app?

- If you are a new user, you will need to set up your user ID and password, which are needed to access your account through the Alight Mobile app (available through the [Apple App Store](#) or [Google Play](#)).
- Go to the **Kennametal Benefits Portal** website at digital.alight.com/kennametal and select **New User**;
- Enter the last four digits of your Social Security number and your date of birth to authenticate your account;
- Create your user ID and password; and
- Create answers to security questions to verify your identity if you forget your user ID or password in the future.

6. How do I reset my password for Kennametal Benefits Portal?

To reset your password, go to the **Kennametal Benefits Portal** website at digital.alight.com/kennametal, click **Forgot User ID or Password**, and follow the prompts to reset your password. You will need your user ID and password to access your account on the Alight Mobile app (available through the [Apple App Store](#) or [Google Play](#)).

My Options

7. What are my options for medical and prescription drug coverage?

You have several coverage levels to choose from, including Bronze, Bronze Plus, Silver, and Gold. Each coverage level is available from multiple insurance carriers at different costs. When you enroll, you'll be able to compare benefits and features across your medical options.

High-deductible medical options (Bronze, Bronze Plus, and Silver)—With high-deductible plans, you generally pay less each paycheck than you do under PPO plans (Gold), but you pay more when you need care. And with high-deductible plans you have the option of enrolling in a health savings account (HSA) to save for your health care expenses tax-free! To learn more about the differences in the plans, visit the Make It Yours website at kennametal.makeityoursource.com.

8. What happens if I enroll in a Bronze, Bronze Plus, or Silver medical option and have expenses early in the plan year?

If you enroll in a high-deductible medical option, you should be prepared to pay up to the cost of your deductible—in case you have significant medical expenses shortly after the plan year begins. Even if you start contributing to an HSA right away, your HSA may not yet have enough money to cover costly services early in the year. One option is to pay for those early expenses out of pocket and then, when your account balance grows enough to cover the qualified expense, reimburse yourself from your HSA. This is a good reason to make sure you're saving enough in an HSA.

9. I live in California. How are my medical options different?

Your options will be different, depending on the insurance carrier you choose.

For starters, each insurance carrier in California can choose to offer each coverage level either as an option that offers in- and out-of-network benefits (e.g., a PPO) or as an option that offers in-network benefits only (e.g., an HMO).

Also, insurance carriers can choose to offer **either the standard Gold option or a Gold II option—not both**. The Gold II option **only** offers in-network benefits.

The Gold option is offered by Aetna, Blue Cross Blue Shield, Cigna, and UnitedHealthcare. The Gold II option is offered by Health Net and Kaiser Permanente.

[Learn more](#) about your California coverage options and insurance carriers.

10. Will I be able to use the same providers as I do today?

It depends. Each insurance carrier has its own network of preferred providers (e.g., doctors, specialists, hospitals). If you want to keep seeing your current doctors, select an insurance carrier that includes your preferred providers in its network. If you are comfortable changing doctors, select an insurance carrier whose network includes providers critical to your care.

Even if you can keep your current insurance carrier through BenX, the provider network could be different and can change, so **always** check the provider directories before making a decision.

Do not rely on your provider's office to know the carriers' network(s). To see whether your doctor is in network:

- Check out the [insurance carrier](#) preview sites.
- When you enroll, check the networks of each insurance carrier you're considering on the **Kennametal Benefits Portal**. You can access this information by clicking **Find Doctors** when you're selecting your medical plan. For the best results:
 - Search for your provider by name—not medical practice.
 - Check only the office location(s) you are willing to visit.
 - When searching for a facility, use the complete facility name and confirm whether the specialty of the facility is covered in-network.

Important! If you have **any** uncertainty (for instance, covering out-of-area dependents) or you need the network name, you need to call the insurance carrier.

11. Why should I use in-network providers?

Seeing out-of-network providers will very likely cost you substantially more than seeing in-network providers. For example, you will pay more through a higher deductible and higher coinsurance. You'll also have to pay the entire amount of the out-of-network provider's charge that exceeds the maximum allowed amount, even after you've reached your annual out-of-network out-of-pocket maximum.

12. How should I choose a medical insurance carrier if my dependents and I live in different states?

Because you and your dependents must enroll in the same option, you may want to consider one of the national insurance carriers that offer national provider networks so that your dependents have access to in-network providers in most locations. (Regional insurance carriers *may* offer in-network coverage outside of their regional service area through partnerships with other carriers. You can contact the insurance carrier for details.)

Do not rely on your provider's office to know the carriers' network(s). You need to call the insurance carrier to confirm whether an out-of-area provider participates in a carrier's network.

If your insurance carrier name includes a state, this refers to the location the carrier operates from (i.e., which state has primary jurisdiction over the laws, rules, and regulations the carrier follows). In general, it isn't a reference to the network—many offer coverage nationally.

13. How do I decide which medical option is right for me?

You'll have access to a number of resources to help you make smart decisions. You should start by visiting the Make It Yours website at kennametal.makeityoursource.com to access videos, details about your options, comparison charts, and more.

Then, when you enroll, you'll be able to see the subsidy amount from Kennametal and your price options on the Alight Mobile app or the **Kennametal Benefits Portal** using the Single Sign-On Portal link on **The Hub** (outside the Kennametal network, you can log on to the Kennametal Benefits Portal through digital.alight.com/kennametal). You'll also be able to access tools that give you a personalized suggestion, help compare the details of your options, let you see insurance carrier ratings, and more.

If you need additional help, once logged on to the **Kennametal Benefits Portal** website, look for the "Need Help?" icon to ask Lisa, your virtual assistant, any questions you may have. Lisa can also connect you with a web chat representative and other helpful resources. For additional support, you can schedule an appointment with a customer service representative through the **Kennametal Benefits Portal** website. You can also call the Kennametal Benefits Center at **1.833.793.0798** from 9:00 a.m. to 6 p.m. ET, Monday through Friday (8:00 a.m. to 8:00 p.m. during Annual Enrollment).

Considering moving in 2025? Be aware of the carrier you select. If you pick a regional carrier, then move, that carrier may not be available based on your new zip code and you'll have to change mid-year.

14. Will pre-existing conditions be covered?

Yes. When you enroll in medical coverage through BenX, coverage is guaranteed, regardless of whether you and/or your eligible dependents have pre-existing conditions.

15. How will my prescription drugs be covered?

Your prescription drug coverage will be provided through your medical insurance carrier's pharmacy benefit manager—which could be a separate prescription drug company. Each pharmacy benefit manager has its own rules about how prescription drugs are covered. That's why you need to do your homework to determine how your medications will be covered before choosing an insurance carrier.

If you or a covered family member regularly takes medication, it is strongly recommended that you do some additional research before enrolling. Don't worry, the information you need is available on the **Kennametal Make It Yours website** (kennametal.makeityoursource.com). From the homepage, go to Choose Benefits > Medical > Prescription Drugs. You may need to **call the medical insurance carrier before you enroll** to better understand how your particular prescription drug(s) will be covered. Do not assume that your generic or brand name medication will be covered the same way by each carrier each year. Visit the Make It Yours website for a [list of questions](#) to ask. And if you need to contact any of the medical insurance carriers for the plans you're considering for enrollment, all the contact details are provided on this site.

During the enrollment period from October 23 – November 8, you can enter your prescriptions into the **Help Me Choose** tool on the **Kennametal Benefits Portal** or Alight Mobile app to see how your prescriptions will be covered by plans and carriers. You will access the **Kennametal Benefits Portal**

using the Single Sign-On Portal link on **The Hub** (outside the Kennametal network, you can log on to the **Kennametal Benefits Portal** through digital.alight.com/kennametal).

16. What is “prior review” and when is it required?

Before getting certain types of care, you or your doctor may be required to run it by your insurance carrier first. Getting “prior review” (also referred to as prior authorization or precertification) allows the carrier to make sure you’re eligible for the services, ensure you’re getting care that makes sense for your condition, and confirm how the bill is going to be paid.

Who completes the process depends on where you get care:

- When you stay in network, your doctor usually completes the process on your behalf when it’s required. But you should always confirm with your doctor to be sure he or she is handling it.
- If you go out of network, you are usually responsible for completing the process. You may have to work with your doctor or directly with your insurance carrier to fill out paperwork and receive the appropriate approval before getting care.

When prior review is required and you don’t get preapproved, you could get stuck paying most or **all** of the bill or a penalty. For that reason, it’s always in your best interest to ask your doctor whether you need to do anything in advance and confirm that services you need will be covered by your insurance carrier.

17. Will I receive a new ID card for medical and prescription drug coverage?

It depends. You’ll only receive a new ID card when you enroll for the first time or change insurance carriers or coverage levels. You’ll use your ID card for medical and prescription drug needs.

If issued, you should receive ID cards before your benefits take effect. If you need an ID card immediately, go to your insurance carrier’s website, register online, and print a temporary ID card.

18. What do I need to know about dental networks?

Just like the medical insurance carriers, each dental carrier has its own provider networks that can vary by the coverage level you choose. If it’s important that you continue using the same dentist, you should check to see whether your dentist is in the network before you choose a carrier.

Do not rely on your provider’s office to know the carriers’ network(s). To see whether your dentist is in network:

- Check out the [insurance carrier](#) preview sites.
- When you enroll, check the networks of each insurance carrier you’re considering on **the Kennametal Benefits Portal**.

19. What do I need to know about vision networks?

Each vision insurance carrier has its own provider network. If it’s important that you continue using the same eye doctor or retail store, you should check to see whether your eye doctor or retail store is in the network before you choose a carrier.

Do not rely on your provider’s office to know the carriers’ networks. To see whether your eye doctor or retail store is in network:

- Check out the [insurance carrier](#) preview sites.
- When you enroll, check the network of each insurance carrier you’re considering on **the Kennametal Benefits Portal**.

20. What other benefit options are available to me through BenX?

You can choose to supplement your medical coverage with:

- **Critical illness insurance:** Pays a benefit if you or a covered family member is treated for a major medical event (such as a heart attack or stroke) or diagnosed with a critical illness (such as cancer or end-stage kidney disease).
- **Hospital indemnity insurance:** Pays a benefit in the event you or a family member covered under this plan is hospitalized.
- **Critical accident insurance:** Pays a benefit in the event you or a family member covered under this plan is in an accident.

You can also choose to enroll in:

- **Identity theft protection:** Monitors your personal information and takes steps to protect you from fraud.
- **Legal assistance:** A legal benefits plan from LegalEase that provides support and protection for unexpected personal legal issues.
- **Whole life insurance with a long-term rider:** Permanent Life with Long-Term Care.

Optional Life Insurance and Optional Accidental Death and Dismemberment (AD&D) insurance will continue to be available as well. Kennametal provides Basic Life and Basic AD&D coverage at no cost to you. If you wish to elect supplemental coverage, you can do so during Annual Enrollment.

You can get more details on the Make It Yours website at kennametal.makeityoursource.com.

Paying for Coverage

21. When will I find out the cost of coverage?

During the enrollment window, you'll be able to see the subsidy amount from Kennametal and your price options when you enroll on the Alight Mobile app or the **Kennametal Benefits Portal** using the Single Sign-On Portal link on **The Hub** (outside the Kennametal network, you can log on to the Kennametal Benefits Portal through digital.alight.com/kennametal).

Because prices can go up or down each year, your current coverage may not be your best deal next year. Carefully review your options and prices to find the right fit for you and your family. As in previous years, Kennametal will provide a subsidy for medical and dental coverage. Therefore, if you see increased costs for your care when you enroll, that will be due to increased rates from the carriers.

22. Do I get to keep the Kennametal subsidy if I don't enroll in coverage?

No. The subsidy you get from Kennametal is for the medical/prescription drug, dental, and vision coverage you purchase through BenX. A cash refund or subsidy for other benefits is not available. **Exception:** If you enroll in a Bronze, Bronze Plus, or Silver coverage level and don't use the full subsidy, the unused dollars will be deposited into your HSA.

23. What's a deductible and how does it work?

The deductible is what you pay out of your own pocket before your insurance carrier begins to pay a share of your costs. If you have a deductible, you pay the full “negotiated” costs of all in-network services until you meet your deductible. The “negotiated” costs are the payments providers (doctors, hospitals, labs, etc.) have agreed to accept from the insurance carrier for providing a particular service.

How the medical deductible works depends on your coverage level:

- **The Bronze and Gold medical coverage levels have a traditional deductible.** Once a covered family member meets the *individual* deductible, your insurance will begin paying benefits for that family member. Charges for all other covered family members will continue to count toward the family deductible. Once the family deductible is met, your insurance will pay benefits for all covered family members.
- **The Bronze Plus and Silver medical coverage levels have a “true family deductible.”¹** This means that the entire family deductible must be met before your insurance will pay benefits for any covered family members. There is no “individual deductible” in these coverage levels when you have family coverage.

To clarify, if you choose a Bronze Plus or Silver coverage level, the individual deductible only applies if you cover just yourself. If you choose to cover dependents too, though, you must satisfy the family deductible before coinsurance will kick in, even if only one family member has expenses.

The annual deductible doesn't include copays or amounts taken out of your paycheck for health coverage.

Do you use out-of-network providers? Out-of-network charges do **not** count toward your in-network annual deductible; they only count toward your out-of-network deductible.

¹**Exception:** If you live in California, cover dependents, and enroll under Health Net or Kaiser Permanente at the Bronze Plus or Silver coverage level, you will have a *traditional* annual deductible.

24. What's an out-of-pocket maximum and how does it work?

The annual out-of-pocket maximum is the most you and your covered family members would have to pay in a year for health care costs. The annual out-of-pocket maximum doesn't include amounts taken out of your paycheck for health coverage or certain copays under the Gold coverage level. How the medical out-of-pocket maximum works depends on your coverage level.

The Bronze and Gold coverage levels have a traditional out-of-pocket maximum. Once a covered family member meets the *individual* out-of-pocket maximum, your insurance will pay the full cost of covered charges for that family member. Charges for all covered family members will continue to count toward the family out-of-pocket maximum. Once the family out-of-pocket maximum is met, your insurance will pay the full cost of covered charges for all covered family members.

The Bronze Plus and Silver coverage levels have a “true family out-of-pocket maximum.”¹ This means that the entire family out-of-pocket maximum must be met before your insurance will pay the full cost of covered charges for any covered family member. There is no “individual out-of-pocket maximum” in these options when you have family coverage.

Do you use out-of-network providers? Out-of-network charges do **not** count toward your in-network annual out-of-pocket maximum; they only count toward your out-of-network out-of-pocket maximum.

¹**Exception:** If you live in California, cover dependents, and enroll under Health Net or Kaiser Permanente at the Bronze Plus or Silver coverage level, you will have a *traditional* annual out-of-pocket maximum.

25. What's a Health Savings Account (HSA)?

An HSA is a special bank account that you can use when you enroll in a Bronze, Bronze Plus, or Silver coverage level. It allows you to set aside tax-free money to pay for qualified health care expenses, like your medical, dental, and vision copays, deductibles, and coinsurance. Because you'll be responsible for 100% of your medical and prescription drug expenses until you meet your deductible in the Bronze, Bronze Plus, or Silver coverage levels, an HSA is a great way to pay less for those out-of-pocket expenses because you're using tax-free money.

Just make sure you use money in your HSA only for qualified health care expenses. If you use money in your HSA for unqualified expenses, you'll pay income taxes on that money and an additional 20% penalty tax if you're under age 65. Keep careful records of your health care expenses and withdrawals from your HSA, in case you ever need to provide proof that your expenses were qualified.

You can decide whether to enroll in an HSA and how much (if any) money you want to contribute. And if you don't have a lot of health care expenses, your money can stay in your account year to year and earn tax-free interest. Also, the money is yours to keep even after you no longer work for the company. If you have questions about the use and appropriateness of an HSA as it applies to your specific situation, you should consult a tax professional.

26. Why would I want to use an HSA?

An HSA lets you set aside money to pay for qualified health care expenses, like your medical, dental, and vision copays, deductibles, and coinsurance. You decide how much money you want to contribute, and you can change your contribution election at any time. If you don't have a lot of health care expenses, your money can stay in your account year to year.

The HSA has the following tax advantages:

- Your contributions to an HSA are tax-free, meaning that they are deducted from your paycheck before taxes are taken out.
- Interest earnings on your HSA balance are not taxed.
- You are not taxed on the HSA dollars when you use them to pay qualified expenses.

27. How is an HSA different from a Health Care Flexible Spending Account (Health Care FSA)?

While both accounts offer a tax-free benefit when you pay for eligible medical, dental, and vision expenses, they differ in several key ways. Compare their differences on the Make It Yours website.

28. Can I enroll in both an HSA and a Health Care FSA?

Yes. If you enroll in the Bronze, Bronze Plus, or Silver coverage level, you can use an HSA, a Health Care FSA, or both an HSA **and** a Health Care FSA. If you have an HSA and a Health Care FSA, in order to contribute to an HSA, your Health Care FSA must be "limited purpose" and can only be used to pay for eligible dental and vision expenses. However, once you meet the medical deductible, then it can be used toward eligible medical and prescription drug expenses as well. Your HSA can be used for eligible medical and prescription drug, dental, and vision expenses.

29. Why would I want to use both an HSA and a limited purpose Health Care FSA?

Both accounts allow you to pay for eligible expenses with tax-free dollars. The biggest difference between the accounts is that your HSA balance rolls over from year to year, even if you change medical plans, leave the company, or retire. With the Health Care FSA (whether limited purpose or not), any unused balance is forfeited at the end of the year.

It may not be advantageous to enroll in both, except in unique situations. For example, if you expect to have higher expenses than your HSA balance can cover (based on the maximum you can contribute each year), you may also want to contribute to the limited purpose Health Care FSA to pay for those expenses with tax-free money once the medical deductible is reached.

30. Can I contribute to an HSA if I am covered under my spouse's general purpose Health Care FSA?

No. If your spouse's general purpose Health Care FSA covers your medical expenses, it would be considered other health coverage and you would not be eligible to contribute to an HSA.

31. Can I contribute to an HSA?

In order to contribute to an HSA, you need to meet the following criteria:

- You must be enrolled in a high-deductible option at the Bronze, Bronze Plus, or Silver coverage level;
- You cannot be enrolled in Medicare or a veteran's medical plan (TRICARE);
- You cannot be claimed as a dependent on someone else's tax return;
- You cannot be covered by any other health insurance plan, such as a spouse's plan, that is not a high-deductible option; and
- You cannot be enrolled in a general purpose Health Care FSA, but you may be enrolled only in a limited purpose Health Care FSA.

You can use money from your HSA to pay your dependents' health care expenses as long as you claim them as dependents on your federal income taxes (generally children up to age 19 or under age 24 if they are full-time students).
